Republicans of Oxford County are planning a "Miss Republican Ball", to be held at Oxford Hills High School, South Paris, on April 19, at 8:30 p. m. Music for the affair will be furnished by the "New England Inn Five", from Intervale, N. H. Refreshments will be served.

The high-light of the evening will be the selection of a "Miss Republican of Oxford County", and her court of four runners-up.

All single girls, aged 17 through 21, who are residents of Oxford County, will be eligible to compete for the title of "Miss Republican". The dress for the contestants only—will be formal. The winner will receive the traditional American Beauty Rose, a crown, a large trophy, and a \$200 scholarship award. The "First Runner-up" will receive a trophy plus a \$100 scholarship award. Runners-up two, three and four will receive trophies. Contestants will be judged on beauty and personality. An entry form for those who desire to compete may be found on Page Four.

The purpose of the "Miss Republican Ball" is to enable the young people of the County, who will become voters in the next few years, to identify themselves with the Republican organization. "Miss Republican" will appear at various political functions

throughout the year. Her first appearance will be at the Republican State Convention in Bangor on May 10 and 11. A car will be furnished by the County Committee, for all "Miss Republican" official appearances. Her chaparrone at the Bangor Convention will be Representative Louise Lincoln, of Bethel.

The following prominent Maine Republicans have been invited to be the judges at the "Miss Republican" contest: Mrs. Brooks Brown, Jr., National Committee woman; Mrs. Charles Peter, Secretary of the State Committee; Mrs. William Botka, State Committee woman from Androscoggin County; Cyril M. Joly, Jr., State Committee Chairman; David A. Nichols, National Committeeman; Joseph B. Campbell, Senate President, and Joseph T. Edgar, Secretary of State.

The committee charged with the production of "The Ball" are: Chairman Fred Hanson of Rumford; Mrs. Chester Bean of Bryant Pond; Mr. and Mrs. Albert Carey of South Paris; Mrs. Howard Chick of Norway; Mrs. Louise Lincoln of Bethel; Mrs. Claude Mase of West Sumner; Mrs. Roland L. Sutton, Jr., South Paris, and Arlene and Tom Taylor of Lovell.

COMMENTS FROM THE TOWN MANAGERS OFFICE

The annual drive to clean up old cars and junk will start soon. There are many abandoned vehicles parked within view of the highways. These must be moved soon or legal action will be taken to force removal. A list of these violations is being compiled in the Town Office and the owners may expect notices to correct the situation as it may pertain to them.

Any vehicle, without 1968 registration plates on them will be considered abandoned and the owners will be asked to remove them.

A recent survey of Rt. 26 to Locke Mills, East Bethel Road and Middle Intervale revealed there is in excess of 20 vehicles plus assorted items that could be termed junk that is within plain view of the roads. The cooperation of the owners is needed to insure the speedy removal of these unsightly objects before the tourist season starts.

CHAMBER OF COMMERCE HOLDS APRIL MEETING AT SUNDAY RIVER INN

The Greater Bethel Area Chamber of Commerce met Tuesday, April 2, at the Sunday River Inn with an attendance of fifty members and guests.

During the business meeting reports were given. Special Events Chairman Blaine Moores announced this committee's plans for planned activities for NTL, and plans for summer community activities. Membership committee chairman Bill Cousins announced that new members had been invited to join the Chamber and that there were plans to extend more invitations for membership. Hospitality Committee Chairman Ronald Stevens announced this committee's plans for welcoming new families to town and Welcoming Committee Chairman Edmond Vachon announced plans for welcoming new businesses to town.

Plans were made for the executive committee to meet to appoint a sign committee so that "Welcome to Bethel" signs and a directory of the businesses and their locations could be arranged for this spring to assist visitors to the area. The executive committee will also consider plans for an information booth and appoint a committee to handle this in time for summer visitors.

It was voted by the Chamber to donate \$200. to the Bethel Youth Council for them to use for furnishings, games and supplies for the Youth Center being set up at the Bethel Methodist Church.

Following the business meeting Program Committee Chairman Jim Fiske introduced Ralph Ryder, Frank Lowell and Dan McAllister. These men led a panel discussion of the Housing Needs in Bethel. Mr. Ryder indicated the need for housing for the new teachers to be hired by SAD 44. Mr. Lowell gave an idea of building costs, and Mr. McAllister, representing the Farmers Home Administration described its program and what funds are available for housing in a rural area. Members and guests of the Chamber entered into this discussion and it was the feeling of the group that much needs to be done to provide housing so that the School District can encourage capable teachers to come to the area.

The next meeting of the Chamber will be in June, date, place and program to be announced later.

SPECIAL EVENTS COMMITTEE OF BETHEL CHAMBER ANNOUNCES SUMMER PLANS

Blaine D. Moores, chairman of the Special Events Committee of the Greater Bethel Chamber of Commerce, reported to the chairman Tuesday evening that a comprehensive program had been outlined for the coming summer.

The committee, which includes Howard Cole, Richard Bryant, James Hudson, John Grover, Norma Jodrey, Paul Kalliey and Wilbur Myers, discussed several programs aimed at entertaining the staff and families of the National Training Laboratories.

A social hour for the NTL staff has been planned for Friday, June 13th. The coffees and bridge games will be continued. A golf tournament and a softball game will be held during the summer. The committee also discussed a house tour, sidewalk art exhibit and an Antique Auto Day Chamber members will be asked to work with the Health Council in sponsoring a "fair day" this summer.

BETHEL PLANNING BOARD EXPLAINS ZONING PURPOSE

This week's article prepared by the Planning Board will attempt to cover the reasons for zoning, the way the present zoning ordinance was drawn up and the purpose of the ordinance.

Zoning is meant to give PROTECTION to, not control of the taxpayer. If it is possible for each of us to own the land that surrounds our homes or our businesses, there would be no need of zoning; then we could completely control our neighborhood. This is impossible, so zoning has become the modern means of protecting the taxpayer against loss of value of his property, and the modern way to encourage good growth of the community.

When a person buys or builds a home in a neighborhood, he looks at what will be around him. If the neighborhood is filled with clean, well-kept homes, he feels more secure in his investment, and hopes that the neighborhood will continue as a pleasant, safe area in the town. If the neighborhood is allowed to become rundown, becomes crowded, or fills with anything that would be a hazard to health and safety, the value of each home in the neighborhood decreases. As each separate neighborhood deteriorates, property values throughout the town decrease. The next step is the loss of new taxpayers to the town and the loss of tax revenue. Then the town falls behind in all of its financial obligations. This is

APPROVAL GRANTED FOR MOBILE HOME ON BRIDGE STREET SITE

Following a public hearing Monday evening at the Selectmen's Office the Bethel Zoning Board of Appeals granted permission to Stanley Moore to locate a mobile home on a Bridge Street lot. This ruling reverses a decision of the Board made on a similar request by Mr. Moore at a hearing on Feb. 16 of this year.

the way the zoning ordinance attempts to encourage the most appropriate use of the land throughout the town.

The general purpose of the ordinance is to promote the health, safety, and general welfare of the residents; to promote traffic safety; to provide safety from fire and other elements; to provide adequate light and air; to prevent overcrowding of real estate; to promote a wholesome environment; to prevent housing development in unsanitary areas; to provide an adequate street system; to promote coordinated development of unbuild areas to conserve natural resources; to provide for adequate public services; and to encourage the formation of community units.

After the ordinance was prepared by the professional planner, it was studied by the Bethel Planning Board. They examined each part of the ordinance and tried to keep in mind the needs of Bethel and attempted to

PROCEDURE OUTLINED FOR TREATMENT OF RABIES

The present rabies control program has caused many persons to ask the Maine Department of Health and Welfare, and their physicians about the best procedure to follow when they are exposed to or bitten by a wild animal or dog or cat which is possibly infected by rabies.

The first and most important first aid measure which has been demonstrated to be very effective in reducing the risk of rabies infection, is truly vigorous cleansing of the bite wound with soap and water. It cannot be over-emphasized how important this single procedure can be in providing additional safety for the bitten person. Furthermore, this protection is always easily available—which adds to its effectiveness.

Two additional and important steps are necessary. First the person should be sure that appro-

A FALLACY CORRECTED

It is commonly said that in a democracy, decisions are made by a majority of the people. Of course, that is not true. Decisions are made by a majority of those who make themselves heard—a very different thing.
—Dr. Walter Judd.

MAUNDY THURSDAY SERVICES

Maundy Thursday will be observed at the Bethel Methodist Church. There will be a special service of Holy Communion at 7:30 in the evening on Thursday, April 11. Communion is open not only to Methodists but to all Christians who believe on the Lord Jesus Christ.

private arrangements are made about the biting animal. If a dog or cat, the owner should immediately be notified and the animal confined for a ten day period by a veterinarian to watch for symptoms of rabies. If a wild animal, it should be killed by shooting (without injuring the head), and the head should be sent to Augusta for testing.

Many people will immediately kill a dog which bites them or a member of their family. This practice is dangerous. The animal should be allowed to live so it can be observed for signs of rabies. Remember, if you are bitten by a dog, have the animal confined for 10 days under the veterinary care. If no symptoms develop in the animal in 10 days, the bitten person is safe.

U. S. A. WEEK — MARCH 31 - APRIL 6
 What is FHA? No, not the Federal Housing Administration! FHA stands for the Future Home-makers of America, and our purpose and goal is to help individuals improve personal, family, and community living, now and in the future.

This year we have tried to give aid to our town and state by emphasizing the importance of citizenship and the obligation as we have as human beings to help others in need.

All during school, the FHA girls have worked closely with the Head Start Program in this town. We were happy to be able to give them a Valentine's Party in February. This month we are making marble bags for the children.

Also, each year we collect for Stevens Training Center for Girls in Hallowell. We try to give them some of the luxuries we have that they are not able to get, such as perfume, hand cream, make-up, etc. It gives us great pleasure doing this because we know the girls appreciate it so.

Our organization wants to do our share in creating a happy world to live in, and we figure that the time to start is now, while we are young.

This is what our organization is all about so next time you hear FHA, remember Future Home-makers of America!

U. S. A. WEEK — MARCH 31 - APRIL 6
 What is FHA? No, not the Federal Housing Administration! FHA stands for the Future Home-makers of America, and our purpose and goal is to help individuals improve personal, family, and community living, now and in the future.

This year we have tried to give aid to our town and state by emphasizing the importance of citizenship and the obligation as we have as human beings to help others in need.

All during school, the FHA girls have worked closely with the Head Start Program in this town. We were happy to be able to give them a Valentine's Party in February. This month we are making marble bags for the children.

Also, each year we collect for Stevens Training Center for Girls in Hallowell. We try to give them some of the luxuries we have that they are not able to get, such as perfume, hand cream, make-up, etc. It gives us great pleasure doing this because we know the girls appreciate it so.

Our organization wants to do our share in creating a happy world to live in, and we figure that the time to start is now, while we are young.

This is what our organization is all about so next time you hear FHA, remember Future Home-makers of America!

Time To Spare

Older Readers and Large Print Books

Last time I met Sally Markham coming out of the local library, she was carrying her choice of a book for the week—or maybe I should say, for a few days. Sally's an avid reader. Gets through more books nowadays than she ever did in her youth.

This time she had an enormous volume under her arm. "Sally," I said teasingly, "that book looks about as big as you are. Whatever made you choose such a monster?"

"Gerald," she answered, "I see you're not up on current literature. This is what they call a large print book." With an elaborate movement, she turned it so I could read the title — *The Arizona Clan* by Zane Grey.

The she walked on with a glint in her eye, knowing she was one up on me.

Course we were both joking. I know all about large print books. Have to in my business, when so many people with weak eyes want to know how they can keep on reading without eyestrain or headaches.

However, I'm interested in large print books for more

than professional reasons. Fact is, so many titles are now available, they include a lot of my favorite authors. And I've found these books easy enough to handle with a little experience. A little bulky for bedtime reading, but just the ticket when I'm sitting in my favorite easy chair.

I've gone through old masterpieces such as Joseph Conrad's *Lord Jim*, Jack London's *Call of the Wild*, and Mark Twain's *Huckleberry Finn*.

But I'm above all a mystery buff. If you belong to the fraternity of thriller-grabbers, I can mention some titles that you'd probably enjoy, if you haven't found them already. Let's see. How about *The Confessions of Arsene Lupin*? Or *Exit Screaming*? Or *Death at Crane's Court*? Or *The Chase*?

These volumes are published in Walker Large Print mysteries, a series tailored to the needs of mystery story buffs whose eyes aren't too strong. If they're not in your local library, you might write to Walker and Company, Large Print Dept., 720 Fifth Avenue, New York, N. Y. 10019.

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

April is here, the "Grass Moon" month. In one week's time many changes have occurred.

Our pond is again sparkling and dancing, so glad to shed its winter cover.

The muskrats are swimming the channel, diving for roots and bringing them to the edge of the ice. Then up they climb to nibble; repeating this hour after hour all through the day. It is so nice to see them again and to know the trappers of the fall once again did not succeed in taking them all. Even muskrats can bring inward happiness as we watch them from our windows gathering their grasses (what a mouthful) building their new homes, circling, diving, swimming from shore to shore all summer long.

Now, too, birds, bird songs—so train your ear and become more attentive to the world of music around you. Our joyous and lovable little fellow, the robin, smoothly plump and compact with his strong feet and bill is with us again. His robust chirp and the swaying melody of the song sparrow seem to mingle with the forest stillness of early morning and leave it more complete. Perhaps love for the songbirds is more common than the love for flowers. (But who can resist flowers at least in the freshness of morning) The voices of our songsters especially in the first months of spring are noted by nearly everyone and fortunately the instinctive love for them is never wholly obliterated.

We are thankful that through the checkered years we have kept the job in the good and natural things of earth. We look at, and listen to these phenomena and feel exultant just because we can hear, because we can see, and because we can enjoy. Our thankfulness and praises go to our ancestors, our fathers, tillers of the soil, woodsmen and guide, who sowed such a largesse of thought in this our little garden of the world.

Mr. and Mrs. Robert Holt, Old-Town were week end guests of Mr. and Mrs. Leonas Holt and family. Miss Ann Holt returned to Gorham State on Sunday after a week's vacation at her home here.

Mrs. Leonas Holt, Ann and David, attended the cowboy show presented by the junior choir under their leader, Mrs. Sylvia Cummings. The scenery was painted by Fay Holt.
